

Howard Tang (唐浩)

Full-Stack Engineer

Taipei, Taiwan • +886-953-573-473 • t919901@gmail.com

<https://linkedin.com/in/haotang0619> • <https://github.com/haotang0619>

Full-stack engineer with 2-3 years of experience in frontend/backend development, able to develop websites from scratch using TypeScript, particularly Next.js & NestJS. Possess basic knowledge of AWS such as CloudFront, DynamoDB, EKS, and more. Passionate about being an engineer and eager to become increasingly versatile.

WORK EXPERIENCE

MixerBox | Full-Stack Engineer

Jun. 2021 — Present

- Develop and maintain **MixerBox ChatAI**, **MixerBox ID**, **MixerBox Pay**, and other website products, many from scratch.
- Create an internal **UI framework library** for the company, based on Material UI.
- Deploy web services on **AWS cloud services**.
- Serve as an **interviewer** for our web developer interviews.
- The company's **first full-stack engineer** and has been instrumental in recruiting and establishing the team.

Funpodium | IT Intern

Jul. 2020 — Feb. 2021

- Develop a website that functions similarly to **AWS' IAM console**.
- Develop the **new official website** for Funpodium with a back office, mainly by React.js.
- Build another side project about a simple social website like **Instagram**.

Gridwell | IT Intern

Jul. 2019 — Jun. 2020

- Develop websites for **monitoring** Taipower's electricity services.
- Develop python codes for **analyzing** Taipower's machine data.
- Maintain and design SQL databases schemas.
